*In-Person Philanthropy Collaborative Conference in Louisville, KY, 2025.*

# Monthly Opportunities

## CEO Calls

Designed exclusively for CEOs of NPHI member organizations, these calls foster high-level dialogue on strategic priorities, pressing challenges, and national advocacy. A place for candid conversation and collective leadership.

## Member Engagement Calls

Join your peers across the country for regular conversations focused on learning, collaboration, and shared innovation.

These calls create space to elevate member priorities, exchange insights, and build community—while also featuring outside experts who bring fresh perspectives and valuable knowledge to the table.

# National Meetings (In Person)

## The Summit (Spring)

Our annual Summits bring together NPHI members, partners, and changemakers for meaningful connection, innovation, and shared learning. These gatherings are a space to exchange ideas and shape the future of nonprofit hospice and advanced illness care—together.

## Washington Leadership Conference (Fall)

Join fellow member leaders in Washington, D.C. to advocate for policies that strengthen nonprofit care. This annual event provides direct access to lawmakers and offers hands-on opportunities to influence the future of hospice, palliative, and advanced illness care at the national level.
